# Church Connect

We have designed Church Connect especially for churches that own or lease their premises, taking into account the wide range of activities in which they are involved.

The policy summary shows the main features and exclusions of the policy – it does not provide all the terms, conditions and exclusions that are in the policy wording. You can ask us for a copy of this. A significant exclusion is something that may affect your decision as to whether the policy is suitable for you or is unusual compared to other policies that are available for churches. We have also included extra information that may help you.

Cover under our Church Connect policy is provided by Ecclesiastical Insurance Office plc. The legal expenses section of the policy is dealt with by DAS Legal Expenses Insurance Company Limited.

## Church activities

Churches provide a wide range of support for the communities in which they operate. We can meet the insurance needs of your church for:

- meetings and services
- young people's work (including any church-run after-school care, nursery school, playgroup or youth group)
- community work (including domestic work and domestic gardening)
- selling religious and other items from your premises for the benefit of your church funds
- office and administration work and storing your property.

There are many other activities which present a higher risk of injury or damage and we would expect you to tell us about these so that we can decide if we can cover them or not. The following examples are types of unusual or dangerous activities you need to tell us about.

### a) Any of the following activities

- Abseiling, aerial activities of any kind, American, Australian or Gaelic rules football, climbing of any kind (other than on children's playground equipment), fire walking, firework displays and bonfire events, forest school activities, glacier walking or trekking, gorge walking and similar, gymnastics, horse, pony or donkey riding of any kind, martial arts or fighting sports of any kind, parkour or freerunning, professional sport of any kind, racing or time trials other than on foot, rugby, underground activities of any kind or weightlifting
- Football that is played within a league system or organising and running a football league system
- Water activities (other than swimming, snorkelling, surfing, windsurfing or using non-mechanically propelled watercraft which are not more than nine metres long while operated on inland waterways only or within three miles of the coast, but not any white-water activity)
- Work or activities abroad (other than temporary visits to go to meetings or services, and office work for your church)

### b) Any activity that involves using the following

Airborne lanterns, bicycles other than for normal road use, cables or wires, elastic ropes, fireworks or explosive items, ice skates, land or kite or fly boards, land or sand or ice yachts, motorised fairground rides, roller blades, sandboards, skates, skateboards, skis, sleds, snowboards, snow tubes, toboggans, water-based play inflatables or weaponry

### c) Any activity that involves owning, having or using any mechanically propelled vehicle, whether or not you need compulsory motor insurance for that vehicle

If you are not sure about any activity, contact us or your insurance advisor.

Football played in a league system is an example of the extra cover we can provide. You can add this to the policy for an extra charge but it only relates to a team organised and run by the church. Cover would not apply to organising or running a football league. The cover only applies to a team taking part in a league.

---

## Importance of having adequate sums insured

- You should ask your insurance advisor for advice on sums insured and indemnity limits. However, it is your responsibility to make sure that the sums insured are enough.
- If a sum insured is not enough to replace all of the property insured or a loss of all income, we may reduce the amount of a claim payment in equal proportion.
- You should regularly review your sums insured even though automatic index-linking applies to the buildings, contents and all risks sections.
- Sums insured should include VAT if this applies.
- For your buildings sum insured, you should include fixtures and fittings, fixed pews, pulpits, pipe organs, fonts, screens, bells, clocks, stained glass, outside lighting, solar panels, tanks or machinery outside of the building, and outbuildings. For larger risks and for ancient buildings, we can ask our surveyors to visit the premises and they can provide a building valuation service as well as other specialist advice.
- For any computers under the all risks section, include the cost of proprietary software and any specialist installation charges.
- Under the business interruption section, the standard cover does not include the income you receive from gifts, donations and collections as these may not reduce after loss or damage. However, if you believe that the income from gifts, donations and collections will be affected, we can provide cover if you ask us, but please bear in mind that we will need to adjust the sum insured to include this income.
- Some physical damage sections of the policy include extensions which could increase the overall amount of a single claim, for example, the additional fees and costs under the buildings section. As a result, you need to make sure that the sum insured is enough to allow for these extra amounts.

---

## Settling claims

- If an excess applies to a claim, we will take off the amount of the excess from the claim settlement.
- The sum insured or the indemnity limit (as appropriate) will be the most we will pay unless we say otherwise.
- Buildings claims are normally dealt with on the basis of rebuilding or repairing the building, using modern techniques and materials, to a condition and extent that is substantially the same as when new.

---

## Unoccupancy or change in risk

You must tell us immediately if the buildings are to become unoccupied, without tenants, empty, disused or need to have structural alterations, major repairs, demolition or construction.

If this happens, we may cancel the policy from the date of the alteration or place special terms on you or charge an extra premium.

## Special requirements

- These are aimed at reducing the risk of loss, damage or liability.
- They only apply if they relate to your property or your activities.
- We will not pay a claim (unless we say otherwise) if you fail to keep to a special requirement.
- See the policy wording for full details of the special requirements.

# Answers to some questions about the policy

---

## How long does the policy provide cover for?

The policy normally runs for 12 months. About four weeks before it ends, we will send a renewal notice telling you our terms for the next 12 months.

---

## What if you want to cancel the policy?

**a) If you are an individual person and you want any part of the insurance for purposes which are outside your trade, business or profession, the following cooling-off conditions apply.**

- If at the start of cover or when you renew the policy, you change your mind and no longer need the cover, you have 14 days (cooling-off period) from either the date you received the policy wording and the schedule or the date the cover began (whichever is later) to write to us, or your insurance advisor, to say you want to cancel the policy. In these circumstances we will make a full refund of your premium.
- You may cancel the policy after the cooling-off period but the following conditions then apply.

**b) For all other insured people, companies or organisations and for an individual person cancelling outside the cooling-off period, the following conditions apply.**

- You may cancel the policy by giving us written instructions, as long as there is no long-term undertaking (agreement) in force.
- We will refund the premium for the rest of the period of insurance, which we will adjust if you pay your premium by instalments. We will not give you a refund if it is less than £25.
- If you have made a claim in the current period of insurance, the full annual premium is due and we will not make a refund. If you pay the premium in instalments, you will have to pay any premium you owe for the rest of the period of insurance or we will take it from any claim payment due.

---

## Can Ansvar cancel the policy?

We also have the right to cancel the policy by giving 14 days' notice sent by special delivery to your last-known address. If we cancel the policy, we will refund the premium for the rest of the period of insurance.

---

## What is different about cover arranged on a 'claims made' basis?

Trustees' indemnity, fidelity guarantee, libel and slander (including publishers' indemnity), pastoral care, professional indemnity and misappropriation of money are all types of cover which insurers normally provide on a 'claims made' basis. This means we only provide cover for claims which are discovered and we are told about during a current period of insurance.

If you cancel the cover, you will no longer have protection for losses or actions before you cancelled. This can leave a possible gap in cover if you do not replace it with another insurer from the cancellation date. Ideally, before you cancel, you should get written agreement from anyone who will lose their protection of cover.

---

## What if you need to make a claim?

You can find detailed guidance on making a claim in the policy wording and on our website.

Our 24-hour claims number is 0345 606 0431.

Our address is Ansvar Insurance, Ansvar House, St. Leonards Road, Eastbourne, East Sussex, BN21 3UR.

---

## What governing law and language applies?

Our policies are governed by English law unless your legally registered address is in Scotland, in which case Scottish law will apply. We will communicate with you in English at all times.
